Proceedings of the Government of Mysore, Muzrai, dated 3rd July 1895.

READ THE FOLLOWING CORRESPONDENCE —

1. Letter No. 49, dated 21st July 1894 from the Sub Division Officer, Closepet to the Deputy Commissioner, Bangalore District.

"I have the honor to submit herewith the report No. 33, dated 16th July 1894 from the Amildar of Magadi together with a list of Vernacular correspondence relating to the introduction of Survey Settlement into the village of Jogirahalli in the Tavarekere Hobli, Magadi Taluk. This village appears to have been granted as Inam for the up keep and maintenance of Byredevaru Pagoda at Jogirahalli. During the Inam Settlement it was confirmed to the said Pagoda subject to the payment of a combined Jodi and quit-rent amounting to Rs. 30 According to the old account the extent of cultivable land in the village is 22 kandies, 10 kudu and 3¼ muras assessed under old system at Rs. 36-5-10. The whole village was enjoyed by a single family who appear to have rented some of the fields to the others in the village and appropriated to themselves the total income derived therefrom. They have not paid any attention to the temple which is left to decay. The question of introducing Survey Settlement was first mooted by the Shanbhogue of the village on the 2nd October 1890 in a petition to the Deputy Commissioner, Bangalore. Thereupon the case was referred to the Survey Superintendent for his disposal The Survey Superintendent issued an order to the Amildar to report with the statement of the chief person vested with the management of the Pagoda as to the payment of the cost of the detail survey and granting of survey guarantee to the raiyats as in Sircar villages The Amildar appears to have asked one Pillaiya and Kasi regarding the introduction of Survey Settlement into the village, and they were not in favor of the measure as they were enjoying the village without any restriction placed upon them. In reporting the above, the Amildar stated that the grant being for the benefit of the temple, the detailed survey might be introduced independently of their wishes *vide* report No. 659, dated 14th October 1890

Subsequently the question of introducing the detailed survey into the village was entered, dropped and the enjoyers of the village, *viz*, Pillaiya and Kasi were called upon to restore the temple. They appear to have of late executed petty repairs to the temple and asked time to build a compound wall

From the Title-deed granted at the Inam Settlement it appears that the whole village of Jogirahalli is confirmed as "Devadaya" Inam, but not as personal Inam to the enjoyers of the village, *viz.*, Pillaiya and Kasi. They have therefore no title to the Inam. The management of such inams under the present arrangement vest in the Muzrai Superintendent who is alone, I think, in a position to say whether the introduction of detailed survey is or is not for the benefit of the temple. If you agree with me in the above the papers may be forwarded to the Muzrai Superintendent for disposal '

2. Docket No 1341, dated 6th May 1895, from the Deputy Commissioner, Bangalore District, to the Muzrai Secretary to the Government of Mysore.

"In forwarding an original letter No. 49, dated 21st July 1894, from the Sub-Division Officer, Closepet, together with its enclosures, has the honor to state that the village of Jogirahalli in question is a Devadaya Inam granted for the up-keep and maintenance of the temple Byre Devaru.

2. Pillaiya and Kasi who have been in possession of the village as trustees and managers have not been rendering accounts of the income, &c, to the Muzrai Department. In the Inam Fysalati Register the village is entered in the name of the temple. The said managers and the raiyats in the village do not agree to Survey and Settlement being introduced into the village though it is very much in the interests of the temple. I do not think that they have any voice in the matter, and therefore request orders for the introduction of the Survey and Settlement '
